## **ANA Honors Distinguished Numismatists with Awards**

Every year, the American Numismatic Association (ANA) recognizes members who go above and beyond with their service and dedication to numismatics. The following awards, which are typically presented at the World's Fair of Money®, will be awarded during the Service Awards Presentation virtual event on Sept. 2 at 12 p.m. MT.

The **Adna G. Wilde Jr. Memorial Award for Exemplary Service** recognizes ANA members who dedicate their time and resources to further the educational purposes of the Association and the hobby, and who set an example for others. This year's recipient is **Doug Davis**.

Davis is the founder and president of the Numismatic Crime Information Center (NCIC) based in Arlington, Texas. He established the NCIC with the Pantego Police Department (where he previously served as chief of police) in 1987. The NCIC's goal is to assist law enforcement officers in the investigation of crimes against collectors and dealers. His work has led to the recovery of untold rare numismatic items, and he has recently taken on the battle against counterfeiting.

Davis has over 30 years of experience in law enforcement and the numismatic industry. He is a graduate of the University of Texas and holds a master-level police officer license in the state of Texas. Although Davis is no longer chief of the Pantego Police Department, he still holds the rank of lieutenant. He also is a licensed law enforcement instructor.

In 1988 Davis was presented the Professional Numismatist Guild's Sol Kaplan Award. Davis received an ANA Presidential Award in 2012. Past President Thomas Hallenbeck bestowed the honor at a free educational program where Davis presented to about 65 law enforcement personnel in conjunction with the ANA National Money Show. In 2019 Davis became the director of the Anti-Counterfeiting Task Force.

The **Medal of Merit** is bestowed on members who have dedicated years of service to numismatics. The medal is being presented to both **Dr. Michael S. Fey** and **Thomas J. Uram** this year.

Fey has held a number of leadership positions within the numismatic community. He has served the ANA as a member of the Consumer Protection Committee (2001-05 and 2007-08), Board of

Governors (2005-07), Mediation Committee (2007-18) and, currently, the Advisory Council. He also has loaned Morgan silver dollars for display at the Money Museum (2017-19) and has donated thousands of dollars' worth of coins to the Association's collection. He has taught classes as a senior instructor at Summer Seminar since 1998.

Michael Fey has published a variety of works, including his books *Top 100 Morgan Dollar Varieties: The VAM Keys* and *A Decade of Top 100 Insights*. His writings have appeared in several newsletters, including *Top 100 Insights* and *Top 100 Value Guide*, as well as magazines such as *Coinage* and *The Numismatist*. In addition, Fey Developed a template for the ANA to use to persuade dealers and collectors to donate rare coins to the Money Museum for use in Summer Seminars.

In addition to the Medal of Merit, Fey has received the Glenn Smedley Memorial Award (2001), the National Silver Dollar Roundtable President's Award (2002), the New Jersey Numismatic Society Charles F. Nettleship Award (2007) and the Numismatic News Ambassador Award (2010).

Thomas Uram has proven to be a dedicated promoter of numismatics and a stalwart supporter of the two organizations he is most closely associated with, The Pennsylvania Association of Numismatists (PAN) and the ANA. He joined the ANA in 1974 as a young numismatist and became a life member in 1976. He served his first term as a club officer (secretary of the George Washington Numismatic Association) while he was still in high school. **Harry J. Forman Dealer of the Year** honors a professional numismatist who shows uncommon dedication to strengthening the hobby and the ANA, and displays exemplary ethical standards as a numismatic dealer.

This year's recipient is **Harlan J. Berk**. Berk describes himself as a "dealer's dealer" in ancient coins, having been in the business for 56 years. He specializes in Greek, Roman and Byzantine specimens, U.S. large cents and proof-like dollars.
