AMERICAN NUMISMATIC ASSOCIATION

KIDS ZONE at the MONEY MUSEUM

Are you interested in collecting coins or learning more about money? The Money Museum offers free monthly classes in the Kids' Zone for children ages 4-12. Through fun activities children can learn basic and advanced concepts associated with numismatics, how money is designed, manufactured and used around the world, and more. Children will enjoy learning about history, geography, economics, world cultures, art – even language arts, as well as math and science, by participating in our Kids Zone activities, held on almost every 3rd Saturday of the month!*

WHEN: 10:30 AM – Noon, ages 4-7 ★ 1:30 – 3 PM, ages 8-12

WHERE: The Money Museum
818 North Cascade Ave.
Colorado Springs, CO 80903-3279

COST: Free for children 12 & under
(When children participate in a Kids Zone class, their parents/guardians can explore the Money Museum for FREE!)

TO ENROLL: Call 719-632-2646 or go to www.money.org/KidsZone

2018 Kids Zone Classes

- ★ **January 20: METALS & MONEY** — Human have been using metals as money for over 2,600 years. Today, we'll explore the ANA's Periodic Table of Numismatic Elements, and decide which of these 118 known elements are good or bad for making coinage.
- ★ **February 17: PARTS OF A BANKNOTE** — There are so many different features about our "paper" money. Some are merely artistic, while others serve a greater purpose. This class will teach you about the different aspects behind the designs used on U.S. Currency.
- ★ **March 17: DESIGNING PAPER MONEY** — Even though we make millions of new bills every day, a banknote is a lot like a work of art. Many techniques are used to design a banknote and you will learn many of them by "engraving" your own printing plate.
- ★ **April 14 (SECOND SATURDAY): COIN COLLECTING BASICS** — Do you want to learn how to be a great coin collector? This class will teach you some important, basic information about how to become a numismatist. You'll also learn about the different parts of a coin, as well as how coins are made.
- ★ **May 19: PENNY SORTING PARTY** — Did you know you can find real treasures in your own pocket change? We'll show you how to unlock this potential by searching through bank-wrapped rolls of circulated US cents. You'll learn how to become a "coin hunter" and how to decide which coins are collectible or not.
- ★ **June 16: CANCELLED** — (Due to Summer Seminar.)
- ★ **July 21: Coins From Around the World** — Most countries around the world mint their own coins, and many of them look nothing like ours. Imagine coins shaped like triangles or squares, and even coins that have holes in them. You will see examples of coins, both old and new, from countries all around the world – and then you'll design your own!
- ★ ***August 25 (FOURTH SATURDAY): ECONOMICS** — Why do some items cost more than others? Have you ever had a lemonade stand? Do you know how to make the right decisions with money? What is hyperinflation? This class will help you answer some of the trickier questions about making, saving, and spending money.
- ★ ***September 8 (SECOND SATURDAY): MONEY MUSEUM TOUR** — Today we'll take you on an in depth, guided tour of the ANA Edward C. Rochette Money Museum's three main galleries. We'll explore our "Trenches to Treaties: World War I in Remembrance" exhibit, followed by a demonstration of how coins are made in our own Mini-Mint.
- ★ **October 20: COIN CARVING I – HOBONICKELS** — Come learn about the fascinating world of Hobo Nickels, and their special place within numismatics and American History. We'll discuss their purpose, review various carvers' works, and then you'll learn how to create your own Hobo Nickel by "engraving" your own design!
- ★ **November 17: COIN CARVING II – LOVE TOKENS** — Coins have been modified in many ways to allow us to carry the thoughts and hopes of loved ones, especially in times of hardship. If you love to draw and are artistic, do not miss out on learning the intricate art of designing these beautiful tokens of affection.
- ★ **December 15: N/A** – Happy Holidays!!

Because we don't like to keep our attendees waiting, all Kids Zone activities start promptly at 10:30 a.m. and 1:30 p.m. Please try to be on time. If you have children in more than one age group, please contact Sgelberd@money.org to discuss scheduling arrangements.

Parents/guardians must be present at all times in the Money Museum while children are attending a Kids Zone class.

*Activities and/or event dates may be subject to change. Please contact Sgelberd@money.org to confirm availability. Any changes will be posted on the [money.org](http://www.money.org) homepage as soon as possible. The April (4/14), August (8/25) and September (9/8) activities will NOT be held on the 3rd Saturdays of those months!
