## **Online Registration Available for Summer Seminar**

Hobbyists interested in attending the American Numismatic Association's 48th annual Summer Seminar in Colorado Springs, Colo. can now register for the event online. The two one-week sessions will be held June 18-30, 2016. ANA members who register by March 31 will save \$50 per session on the cost of tuition; life members who register will save an additional \$25 per session. The online registration cutoff is June 1.

ANA members will need their money.org username and password to register online. Step-by-step instructions for online registration, as well as the registration form, can be found at [www.money.org/summer-seminar/register](http://www.money.org/summer-seminar/register).

For many hobbyists, Summer Seminar is a life-changing event. It has catapulted the careers of many of the nation's most successful numismatic collectors, authors and dealers, and guided young numismatists to become hobby leaders. Now celebrating its 48th year, the 2016 Summer Seminar features a lineup of classes to meet virtually every collector's needs, including grading, counterfeit detection, photography, Colonial Americana, numismatic publishing, ancients, and more. To view a full list of Summer Seminar courses, or to download the catalog, visit [www.money.org/summer-seminar](http://www.money.org/summer-seminar).

"The more I learn, the more I want to know and I believe the ANA Summer Seminar is the best place to gain knowledge in all aspects of numismatics," said Charmy Harker, ANA 1188186. "The quality of their classes, the experience and knowledge of their teachers, their tireless volunteer helpers, and the camaraderie that occurs among all of these groups is what especially draws me to want to participate in the ANA Summer Seminar – not to mention the fact that I simply don't want to miss out on another great numismatic adventure!"

Those wishing to register by phone may do so by contacting Amber Bradish, the ANA's seminar coordinator, at 719-482-9865. Completed registration forms can be emailed to [seminars@money.org](mailto:seminars@money.org), or mailed to:

The success of Summer Seminar has allowed the ANA to introduce new features to the program such as Intersession, the two days between Session 1 and Session 2. Intersession activities are a wonderful opportunity to explore some of the Pikes Peak Region's great attractions, attend the local coin show, and enjoy an educational lecture or two.

Summer Seminar students also have the opportunity to attend the Colorado Springs Coin Show, which will take place June 23-26. A complimentary shuttle service between the Coin Show and Colorado College will be offered to students Thursday-Saturday.

The American Numismatic Association is a congressionally-chartered, nonprofit educational organization dedicated to encouraging the study and collection of coins and related items. The ANA helps its nearly 25,000 members and the public discover and explore the world of money through its vast array of educational and outreach programs, as well as its museum, library, publications and conventions. For more information about the ANA, call 719-632-2646 or visit [www.money.org](http://www.money.org).
