## **Steven Contursi to Receive 2007 Exemplary Service Award**

Steven L. Contursi is the recipient of the 2007 American Numismatic Association Exemplary Service Award. He will receive the award Aug. 10 during the ANA Membership Award Presentations at the World's Fair of Money® in Milwaukee, Wis.

As President of Rare Coin Wholesalers in Dana Point, Calif., Contursi has repeatedly demonstrated his love of numismatics and fervent support of the ANA. He proposed and funded a recruitment program that provides the second year of dues free for new ANA members – a project that has added hundreds of new collectors to the membership roll. When the recruitment project was launched in May 2006, Contursi proudly claimed, "I believe in the ANA, and every collector should, too."

Contursi is an ardent supporter of the planned ANA museum campuses in San Francisco and in Washington, D.C. He recently displayed his leadership by making the largest financial pledge in the ANA's history – \$1 million – in support of this ambitious project. He has also sponsored the exhibit area at recent National Money Show and World's Fair of Money conventions, and was a title sponsor of the 2006 ANA Denver convention.

An early member of the 1891 Alliance, he has helped the Association obtain positive, nationwide publicity and attract visitors to the Edward C. Rochette Money Museum and annual conventions by loaning to the ANA and underwriting the exhibitions of the Neil/Carter/Contursi 1794 Dollar and the unique hallmark-on-eagle's-breast 1787 Brasher Doubloon. He actively advances numismatic knowledge by frequently providing coins for promotion and education across the country.

The ANA Exemplary Service Award recognizes an individual or entity (club, corporation, firm or association) that has performed services on behalf of the ANA that are "above and beyond" the call. Past recipients include Eric Newman (1993), the California State Numismatic Society (1998), the Chicago Coin Club (1999) and Q. David Bowers (2003).

The American Numismatic Association is a nonprofit organization dedicated to educating and encouraging people to study and collect money and related items. With nearly 32,000 members, the Association serves the academic community, collectors and the general public with an interest in numismatics.

The ANA helps all people discover and explore the world of money through its vast array of programs including its education and outreach, museum, library, publications, conventions and seminars. For more information about the ANA, call 719-632-2646 or visit
