*Paper Money of the United States* is the premier reference book for United States paper currency. Originally authored in 1953 by Robert Friedberg, Arthur and Ira's father, the book illustrates, catalogs, describes and places values on all U. S. paper money from 1861 to the present. The Friedberg numbering system is the method used by numismatists to identify and describe notes.

The World's Fair of Money, held this year at the Hynes Convention Center in Boston, is the nation's premiere money show. Show hours are 1-5:30 p.m. August 10, and 9:30 a.m.-5:30 p.m. August 11-14. Dealer set-up is from 8 a.m. to 1 p.m. on Tuesday, August 10. Admission is \$6 for adults, and free for ANA members and children 12 and under.
