

"TEEN MONEYMALL" DEBUTS AT ANA NATIONAL MONEY SHOW

The first "Teen MoneyMall" will be part of the American Numismatic Association's (ANA) National Money Show 2000 in Ft. Lauderdale, Florida, March 3-5.

Sponsored by the Professional Numismatists Guild (PNG), the Teen MoneyMall is a one-day bourse consisting of 12 tables operated by junior ANA members, age 12 to 17. Says ANA Convention Manager Brenda Bishop, "We are very excited to offer young collectors an opportunity to operate their own bourse table at one of our shows. They will have all the responsibilities of a regular dealer, with only a few limitations."

The Teen MoneyMall will be open during regular show hours - 10 a.m. to 3 p.m. - on Sunday, March 5, at the Broward County Convention Center. All qualifying Teen MoneyMall dealers can have one teenaged assistant, and each will receive a special I.D. All participants must attend a special orientation from 3:30 to 4:30 p.m. on Saturday, March 4, after which they are allowed to set up their tables from 5 to 6 p.m. All MoneyMall dealers must be at their tables by 9 a.m. on Sunday.

Numismatic items valued at \$100 or less can be bought, sold or traded in the Teen MoneyMall; all ANA bourse rules apply. Check and credit card sales must be processed at the MoneyMall office, which will be manned by ANA staff. PNG-member advisors will be in the area at all times.

Participants must be sponsored by an adult ANA member, who will assist in the set up and the first hour of the booth's operation. Applicants also must have signed parental consent and submit a \$25 deposit, which will be refunded at the close of the show.

Tables in the Teen MoneyMall will be assigned on a first-come, first-served basis.

The American Numismatic Association is a congressionally chartered nonprofit educational organization dedicated to encouraging people to study and collect money and related items. The ANA helps its 28,000 members and the public discover and explore the world of money through its vast array of education and outreach programs, as well as its museum, library, publications, conventions and seminars.
